CST: Dignity of Workers	Dialogue and Encounter Explaining the meaning of the 'Common' Good' and the principles of Catholic Social Teachings Describe some ways Christians work together with people of different worldviews to promote the common good Making links between some Dharmic beliefs, practices, and way of life CST: Dignity

Year 6 Curriculum Overview

	of October - Diwali) Karma and Dharma - rules for life	Option for the Poor Other Faith: Judaism (End of December - Hanukkah) Yom Kippur - the value of atonement		CST: Community and Participation Other Faith: Islam (Mid March - Eid al-Fitr) Revision of the Five Pillars focusing on Zakat		
Science	Animals including humans: The Circulatory system How the heart circulates blood around the body What is in blood How we keep our heart healthy	Living things and their habitats: Classification How we classify living things What microorganisms are Researching the role of Carl Linnaeus	Evolution and inheritance What variations are and the importance of adaptations in plants and animals Research the key figures in evolution Identifying what fossils can reveal	The Science of Light Exploring how light travels Investigation how we see including colour Exploring how rainbows are formed	Electric Circuits Exploring how electrical appliances work including voltage Identify parts of a circuit, creating circuits and using circuit diagrams Researching the key figures in the history of electricity	Preparing for secondary Science A range of investigations and observations to revise understanding of: acid or alkali, colour, photosynthesis and sound
History	What can the census tell us about local areas? Examining how census records can help historians understanding the past by making inferences about people's lives in different time periods	WW1 short unit for Remembrance Day	Unheard histories: Who should go on the £10 banknote? Considering what makes a person historically significant by investigating why historical figures appear on banknotes.		What was life like in Tudor England Investigating Tudor England by exploring royal portraits, progresses and inventories to learn what life was like for both ordinary people and monarchs	
Geography		Why does populations change? Examining global population patterns by investigating why some places are more densely		Where does our energy come from? Investigating how natural resources and energy are used in the UK and USA as well as developing an understanding of		My Place The children will choose a place of their choice and apply their geographical knowledge and express their personal thoughts and feelings about a place that holds

Year 6 Curriculum Overview

		populated than others		global time zones		special meaning to them.
Computing	Computer systems and network: Communication and Collaboration Exploring how data is transferred over the internet. Looking at how the internet facilitates online communication and collaboration; they complete shared projects online and evaluate different methods of communication. Learning how to communicate responsibly by considering what should and should not be shared on the internet.	Computer systems and network: Web Page Creation Identifying what makes a good web page and using this information to design and evaluate their own website using Google Sites.	Programming: Variables in Games Through use of Scratch, using variables to create a simulation of a scoreboard. Creating a game including use of variables	Creating Media: 3D Modelling Becoming familiar with working in a 3D space, moving, resizing, and duplicating objects. Creating hollow objects using placeholders and combine multiple objects to create a model of a desk tidy. Planning, developing, and evaluating own 3D model of a building.	Data Handling: Introduction to Spreadsheets Organising data into columns and rows to create their own data set. Formatting data to support calculations and using formula to calculate data Using spreadsheets to plan an event and answer questions Creating charts, and evaluating results in comparison to questions asked.	Programming: Sensing Movement Understanding of a micro:bit as an input, process, output device that can be programmed. Use of a microbit to create a counter and timer
Art	Painting and Mixed media: World in watercolour Exploring artists' use of watercolour, developing watercolour techniques through sketchbook studies and applying these to skills in abstract final painting		Drawing: Expressing ideas Exploring how drawing can be used to express ideas and messages inspired by a range of street art examples and environmental themes		Sculpture and 3D: Making memories Creating expressive sculptures and reflecting on artistic decision. The children will represent memories through art, using various material and techniques, developing skills in planning, creating and evaluating 3D sculptures	
D&T		Textiles: Waistcoat Using a combination of textiles skills such as fastenings and decorative stitches, children will design and		Structures: Playground Research existing playground equipment and their different forms, before designing and developing a range of		Electrical systems: Steady Hand game Understand what is meant by form and function. Design and develop a Steady Hand

Year 6 Curriculum Overview

		assemble a waistcoat		apparatus to meet specific needs		Game using a secure base and functioning circuit
RHE	Created and loved by God Religious understanding Me, my body and my health Emotional well-being Life cycles		Created to Love Others Religious understanding Personal relationships Keeping safe		Created to live in a community Religious understanding Living in the wider world	
Music	Dynamics, pitch and texture Appraising the work of Mendelssohn (Fingal's Cave) and further develop improvisation and composition skills		Songs that speak: lyrics and messages Exploring how songs communicate powerful messages through lyrics, music and performance			End of Year production Learning selection of modern songs Inclusion of actions and harmony Performance of songs
PE	Invasion Games Dance	Invasion Games Dance	Foundations of Gymnastics	Net and Wall Games	Athletics Gymnastics	Striking and Fielding Gymnastics
Spanish	Weather Clothes What to wear in what weather Trip to Hilltop Day of the Dead		Free time Likes and dislikes with reasons Personality		Spanish festivals Typical Spanish food Ordering in a restaurant
